Hello! I am a musical family entertainer and ventriloquist based in Richmond, VA, and I perform for kids at libraries, elementary schools, preschools, child development centers, churches, and various other private events and community venues. I started this venture in 2012 after releasing "All Together Now," my introductory song collection for children. I released a second collection in 2015 named "Be A Kid." As a songwriter, most of my material is original and I have been blessed to have received positive acceptance with my music relative to my followers and my online presence with iTunes, Amazon, YouTube, Spotify and other digital music retailers.

My show is upbeat and interactive, and the use of props, comedy, and motion facilitate engagement in the topic at hand. The show is tailored to ages 3-10 and designed with the entire family in mind, creating a unique experience that both parent and child will long to repeat. As an experienced ventriloquist, I also introduce comical characters and illusion-based props, contributing to the variety format. The personalities and special effects of the characters steal the show, and the hearts of the children! Fun, entertaining, educational, and family-focused are all words commonly used to describe my show.

I have performed at numerous venues that cater to children's programming, primarily across VA, and I take pride in maintaining a loyal, repeat portfolio of clients. For reference, I have enclosed a list of venues where I have performed.

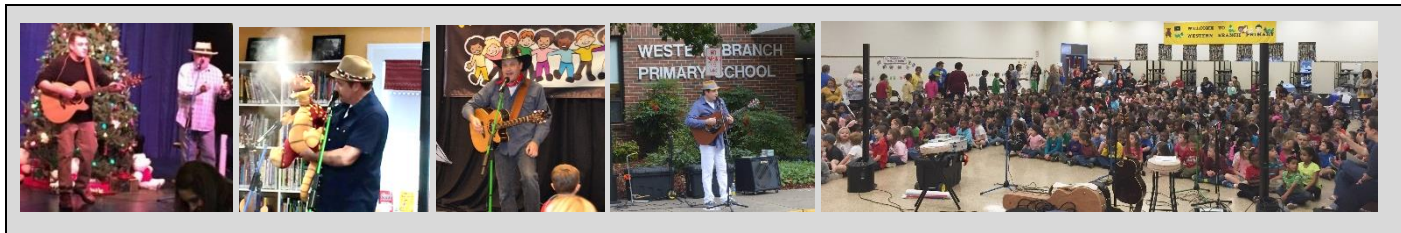

I would love to do a show for you and your organization. My 45-60 minute show typically books at \$350 on average in the Richmond region, all depending on the size of the audience, the requirements involved, and budget at hand. I do travel outside of the region, which typically just means some addition cost for travel time and expense. I always try to arrange bookings and travel to minimize cost to clients, and I always offer to work with every budget as best I can.

If I can ever be of service to you and your organization, please don't hesitate to reach out to me.

Thank you for your time,
Chris Campbell
